

PROFLEXTM

BARRIER SYSTEMS

The World's Most Flexible Protective Barrier System

The Pro Flex Barrier System is a highly portable, lightweight modular wall panel system designed for ease of use, superior protection and safety. Each wall section features:

- Adjustable height from 92" – 122" high to accommodate a wide range of ceiling heights
- T-Glide Technology for positive tracking of sliding panels
- Extruded 6105-T5 Aluminum frame rails and high strength fasteners for enhanced reliability
- Twin-wall polycarbonate panels sealed to the aluminum frames
- Rubber seals and precise-fitting frames prevent the transfer of dust and air
- Self-leveling feet that conform to floor deviations

Item	Product Description	Product Number	Weight
	ProFlex Lightweight Wall Panels Join these panels together side by side for a gap free barrier. Available in widths from 12" to 48".	PF-2012 12" wide PF-2018 18" wide PF-2024 24" wide PF-2030 30" wide PF-2036 36" wide PF-2048 48" wide	15.6 18.6 21.4 24.0 26.6 32.2
	ProFlex 36" wide door panel with 32" door Comes complete with lever handset, manually adjustable threshold, and an upper extension panel for higher applications. This is our lighter-weight door and frame. It is designed to be fully convertible and configured to open 4 different ways.	PF-4036	47.6
	ProFlex 48" wide door panel with 44" door Comes complete with lever handset, automatic door closer, manually adjustable threshold, and an upper extension panel for higher applications. The door and frame are designed to be fully convertible and configured to open 4 different ways.	PF-4048	64.2
	ProFlex Inside Corner Post Join 2 wall panels using this 91" long corner post to create a rigid, gap free 90° inside corner.	PF-4100	6.75

PROFLEXTM

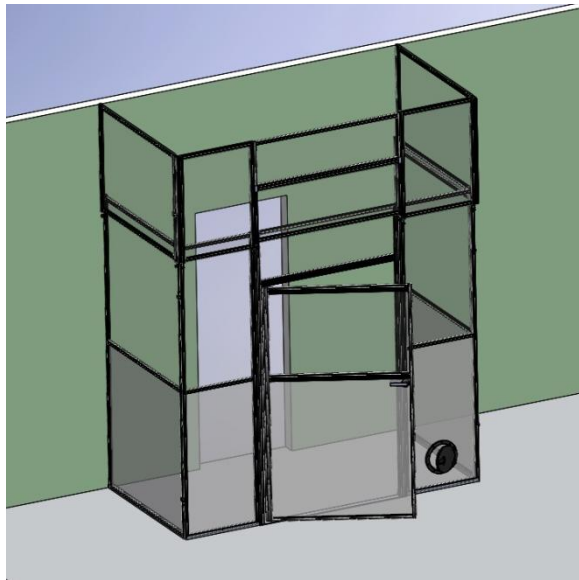

BARRIER SYSTEMS

Item	Product Description	Product Number	Weight
	ProFlex Outside Corner Post Join 2 wall panels using this 33" long corner post to create a rigid, gap free 90° outside corner.	PF-2533	2.50
	ProFlex Flexi-Hinge Use this ultra-flexible panel to join wall panels to create a gap free, flexible corner capable of swinging 180° in either direction.	PF-2577	12.15
	ProFlex 8" Exhaust Port Add this port to any panel over 18" wide to connect your HEPA filter with 8"Ø flexible duct or for routing wires and hoses through the wall.	PF-3180	1.25
	ProFlex Coping panel set 4" wide Cut these panels to conform to wall trim, handrails or other irregularities. Slide into the slot along the edge of wall panel for no air gaps. 2 pieces per set- 1 top and 1 bottom.	PF-3400	1.00
	ProFlex Mini-Clamp Our exclusive design. Effortlessly join panels. We recommend 3 mini-clamps per panel joint and 6 per corner.	PF-3500	.10
	ProFlex Tee connector with Thumb screw Attach this Tee connector to the top rail of the panel to clamp walls onto suspended ceiling grid. Use the provided holes to screw through drywall or to framing.	PF-3600	.10
	ProFlex T-Handle Key This is the tool used to make all your panel connections using the mini-clamps, adjust the door threshold, and perform door re-configurations.	PF-3700	.15

Item	Product Description	Product Number	Weight
	ProFlex Transport Storage Cart Transport and store your wall system with ease with this cart. Lay the panels on edge and use the cord to secure them snugly to the vertical posts.	PF-5000	23.25
	ProFlex Kick Panel extension kit (5" high) Add 5 inches of clearance to the doorway of our 4 foot or 3 foot door. Installs in 10 minutes with no cutting, completely reversible. Increase your doorway height by 5" up to 79" of clearance.* Kit includes all hardware and complete installation instructions <small>*NOTE: 98" minimum ceiling height required</small>	PF-4036KP PF-4048KP	

3' x 8' Anteroom

Create an anteroom to contain dust and debris. The example shown here would consist of:

- 1 pc. NPF-4048 ProFlex 48" wide door panel
- 2 pcs. NPF-2024 ProFlex Lightweight Wall Panels
- 1 pc. NPF-3180 ProFlex 8" Exhaust Port
- 2 pcs. NPF-2036 ProFlex Lightweight Wall Panels
- 2 pcs. NPF-2533 ProFlex Outside Corner Post
- 18 pcs. NPF-3500 ProFlex Mini-Clamp
- 8 pcs. NPF-3600 ProFlex Tee connector with Thumb screw
